## Dodd's Records Are Subpoenaed

Washington, July 21 (AP)—The Senate ethics committee has subpoenaed bank and other financial records in its investigation of misconduct charges against Senator Dodd (D., Conn.).

Sources in a position to know, but unwilling to be quoted said today that Dodd has not turned over his financial records to the bipartisan committee, as he did his records relating to a Chicago public relations man, Julius Klein.

Dodd reportedly has been unwilling to concede that the committee has authority to go into his financial affairs, although it is known to be going ahead with this phase of its inquiry.
